Vide Legislative Department Notification No. 53, dated 25th January 1929

There is no provision in the Mines Regn under which the bye-laws proposed in a Minor Mineral under a 10th Schedule may be passed. The very object of compounding for punishment of which is defeated by the restrictions proposed to be imposed by the bye-laws. The Mines Regn Amendment committee while approving of the Minor Minerals recommended the deletion of a clause which incorporated the provision for compounding of offences in those circumstances, it may perhaps be considered whether in view of the committees recommendation which has been accepted by Govt, sec 33 of the Minor Mineral taxation rules may not be deleted.

9/1/29

The bye-laws are at present intended for Mica Mines and if any modification is necessary, the rule is such by Govt will have to be suitably modified or amended.

As discussed this point on the Member who was pleased to say that the provisions relating to compounding in the Rules published under the Notification of Nov 1930 to which Minor Contravention may be referred and that not by Courts as necessary

I can perhaps add that the Rules above referred to, that Rule 33 of the rules published under the Notification of Nov 1930 may be referred to compounding of offences by the Legislature, as the Minor Rules are governed by these provisions in regard to legislative matters which are Central

The issue of the draft is the Rules may be brought to reconsider action of the Legislature of the rules in the matter in the draft Minor Rules Bill. & the matter also brought up for reconsideration at the Legislature Meeting of the Rules Repeal Amendment Commn
